Song Title: Owls

Lyrics

1st

*Sitting under the lonely oak... we've been friends, a while now_
We aren't here alone; I'm being followed by this strange white owl_
He tends to taunt and stare... with eyes, a deep... dark... red
Fly he will, he'll be back, his nest is... in...my... head.*

Pre-Chorus

*Wherever I go its the owl and me, but that's not what most... will... see
I think Its has...a hold.... a hold of me...*

2nd

*That day I met a girl she had a bird just.... Like... mine
I said "who is that" she said "no-body it's fine"
She started to cry, and so did I, we don't know why
We sang each other our song, explaining what was wrong*

Chorus

*Now that we know
My dear, you have nothing to fear
The world is ours, that much is clear.
I love the promise that you will be here...ohhhh*

Change

Like the wood it was silent, with words spoke on broken wings

*Singing, Come here my friend, we have our own wings now, fly...
We're in control, we are the birds here now, fly
My dear, you have nothing to fear
The world is ours, that much is clear.
I love the promise that you will be here...oh*

Change

Like the wood it was silent, with words that spoke on broken wings

"We're in control, we are the birds here now"

Outro

*Come here my friend, we have our own wings now, fly...
We're in control, we are the birds here now, fly*

Now that we know

*My dear, you have nothing to fear
The world is ours, that much is clear.
Love the possibility that you will be...oh ohhhh*
